Good morning,

The Prosecutors are asking me for information about the DNA swab from the knife sheath that went to Texas with Dustin Blaker. Before I answer them, I want to make sure I have the right item. The ISP Lab# for the sheath is Item# 1. I see the following Lab products that are candidates; are any of these the item in question?

- Lab Item #3 "Extracts from Items 1 & 2"
- Lab Item #1.1 "Extracts from strap"
- Lab Item #2 "Extracts from Items 1.1, 1.2, 1.3 & 1.4"

They want to know if that swab ever came back to our agency, or if it is still with you.

Thanks

Timothy Smallldridge
