Brief Summary of Incident and Action Taken:

On August 3, 2025, Resident Kohberger IDOC# 163214 submitted a concern form stating he, "has been subject to threats and harassment, recently escalating to overt sexually violent threats/statements." Lt. Mahlandt received the concern form on August 4, 2025, and conducted an interview with Kohberger in J-Block. Kohberger stated a resident that goes by 'Peru' told him, "I'll butt fuck you." Kohberger also stated an unknown resident from tier 1 of J-Block said, "The only ass we'll be eating is Kohberger's". Kohberger stated that Officer Signoria was present for the comment made by 'Peru'. Due to Officer Signoria being on B-Nights, an interview could not be conducted to attempt to corroborate the allegation.

On August 7, 2025, Officer Signoria submitted an information report outlining his involvement of the alleged incident. Officer Signoria recalls vulgar language being used and directed towards Kohberger but could not identify who said what. The allegation is substantiated but due to no aggressor being able to be positively identified, and Kohberger saying he feels safe to remain on tier 2 in J-Block, no further actions were taken.

The delay in the 105 submission date and the report date is due to collecting all of the information to ensure a proper action could be taken as needed. End of report.
