[illegible]

The diagram shows a T-junction where a road from the left meets a road from the right. A car is shown turning right from the left road onto the right road. A dashed line indicates the car's path. On the right side of the road, there is a car parked on the shoulder, a row of three green bushes, and a white fence. A north arrow points upwards, and a red box contains the text "NOT TO SCALE".

Narrative (additional information / additional passengers - indicate unit no. and all information for additional passengers)

I responded to Hanley and Pinegrove for an Injury Crash. There was a silver car facing S/B in the middle of Pinegrove just south of Hanley. The car had significant front end damage. There were skid marks that began near the west edge of intersection traveling E/B and then veering towards the south at almost a 90 degree angle. It appeared the silver car was traveling E/B, slammed on it's brakes and then was hit by a vehicle traveling S/B. There was a white car facing NE on the road/sidewalk just east of Pinegrove. It appeared that car was traveling S/B on Pinegrove, struck the silver car then traveled E/B traveling over the curb, through shrubs, between a telephone pole and concrete sign, before coming to a stop on the road and sidewalk.

I spoke with Messina. He was traveling W/B on Hanley approaching Pinegrove. He saw the white car approaching the stop sign. The car didn't stop for the stop sign continued into the intersection and struck the silver car. I asked if the white car slowed for the sign. He said it appeared she didn't see the sign.

I spoke with Elliott-Jones. She told me she was sore. She told me she had no recollection of the crash. She remembers shopping, getting into her car and then a loud crash and being spun around. She told me she doesn't have any medical problems.

I spoke with D. Unwar. He was traveling E/B on Hanley. As he drove through the intersection he saw the white car "suddenly pop out." He said it seemed the white car was speeding.

I spoke with G. Unwarr. She saw the white car as they entered the intersection. She yelled at D. Unwar to stop. He slammed on his brakes but it was too late and they were struck by the white car.

I spoke with M. Un. She said the white car blew the stop sign and appeared to be going fast. She had a small cut on her nose that was bleeding.

Measurements: Taken from telephone pole on southeast corner:

-Cadillac:

Front Driver tire: 28' east and 15' north

Rear Driver tire: 21' east and 3' north

-Mazda:

Front Driver tire: 49'west and 8' north

Rear Driver tire: 47'west and 0'north

Point of Impact: 52' west and 8' north
